Controlled Substances Management and Disposal

Triumvirate Environmental is the leading provider of **turnkey, cost-effective, regulatory compliant** waste management solutions for Drug Enforcement Administration (DEA)-controlled waste. We configure our services to meet **customer-specific needs**. Our management programs include:

- **Onsite transfer and removal** of controlled substances by our environmental professionals
- **Package shipment options** for DEA-controlled waste (Schedules I-V) directly from your site location to one of our federally registered facility locations

The Triumvirate Environmental facility network includes three site locations that each hold federal licenses covering DEA Schedules I-V. Additionally, we possess 30-plus state licenses allowing coverage throughout the United States, including Puerto Rico.

Expertise You Can Trust

Our team members offer decades of experience managing controlled substance waste for destruction, from all registrants.

We can support all DEA registrant types:

- Bulk/regular/domestic manufacturers
- Researchers I & II-V
- Practitioners
- Hospitals/Clinics
- Distributors
- Analytical organizations

Whom We Serve

Our clients range from start-ups to Fortune 500 enterprises. We support organizations in the following industries:

- Pharmaceuticals
- Life Sciences
- Academia/Higher education
- Hospitals/healthcare
- And more

Triumvirate Environmental is a licensed DEA Reverse Distributor permitted to handle Schedule I-V controlled substances.
Somerville, MA: RT0576198
Savannah, GA: RT0646250
Cumming, GA: RD0430532
