TRIUMVIRATE ENVIRONMENTAL

EMERGENCY PREPAREDNESS AND RESPONSE SERVICES

HOTLINE: 800-966-9282

Emergency situations are unpredictable and costly, disrupting normal business processes and compromising employee safety. Triumvirate Environmental offers emergency response planning and assistance services—so you have knowledgeable, capable support when you need it most. Our teams respond quickly, helping limit injuries, lost time, and site damage.

EMERGENCY RESPONSE

With almost 40 years of experience in responding to emergency events, our team is prepared to help you succeed no matter the emergency.

- Chemical or hazardous waste spills
- Aftermath of natural disasters
- Power outages
- Pipe leaks and bursts
- Bio-outbreaks
- Medical or health events
- Marine, rail, or other transportation accidents
- Unknown odors
- Fire or excessive heat

We come prepared with:

- Proper PPE
- Booms and other supplies to contain and clean up spills
- Appropriate meters and monitors
- Reports detailing emergency information, cleanup activities, and clearance readings to share with your local regulatory agencies or your insurance company

Our emergency response teams are on call 24/7. We approach every emergency with deep procedural and regulatory knowledge, as well as best practices, to ensure safety and efficiency for all involved..

EMERGENCY PREPAREDNESS

- Support developing emergency response preparedness plans, including emergency action plans (EAPs) and contingency plans
- Mock audits and drills
- Emergency response tabletop exercises
- Staff emergency training

The Triumvirate Advantage

- **National Footprint:** Our teams can be onsite quickly, regardless of where the emergency is.
- **24/7 Support:** Safety never sleeps—so neither do we. We're on call all day and all night to be there whenever you need us..
- **Full Partnership:** Our commitment to you means a deep knowledge of your operations, site layout, and other needs—improving response time.
- **Accountability:** After an emergency event, we provide full documentation to keep you compliant and in the loop
