

# EH&S Training

Triumvirate Environmental offers a comprehensive portfolio of environmental, health, and safety (EH&S) training courses taught by skilled experts. Whether you want a deep-dive onsite OSHA training for an entire department or to send a few new hires to our open-enrollment RCRA courses, we offer intimate training solutions that meet your specific needs. Don't let your EH&S training certifications expire!

## Open-Enrollment Training

Sessions are offered in multiple locations throughout the year. Our 2019 course schedule includes:

- State-Specific Hazardous Waste Management (RCRA)
- IATA Dangerous Goods Transportation
- DOT Hazardous Materials Transportation
- Emergency Response (HAZWOPER) 8-Hour Operations Level

## Online Offerings

Unable to get out of the office? You can take courses and stay compliant from your desk.

Online courses include:

- Bloodborne Pathogens
- DOT Hazardous Materials Transportation
- Regulated Medical Waste Shipping

## Onsite Sessions

Our qualified trainers can deliver the courses at your facility. Let us train your entire team at your own site! We can cover the open-enrollment topics and many others, such as:

- Dry Ice Shipping
- Infectious Substances Shipping
- Lithium Batteries Shipping
- Confined Space Entry
- Laboratory Safety
- Red Cross First Aid, CPR, AED

## Benefits

- Achieve greater understanding of complex regulatory topics
- Avoid costly penalties for your employer due to non-compliance
- Develop or enhance your expertise in important EH&S disciplines
