

# 2020 Compliance & Regulatory Training in New England

Maintain compliance for your EH&S professionals, Facilities Operations personnel, Lab Managers and Coordinators, and Supply Chain staff with an in-person training session near you. Our professional educators provide information to satisfy regulatory requirements for what you need to know and what you need to do after you leave the course. Learn more and register at [www.triumvirate.com/training](http://www.triumvirate.com/training).
