

# EHSOne™

ONSITE EHS MANAGED SERVICES

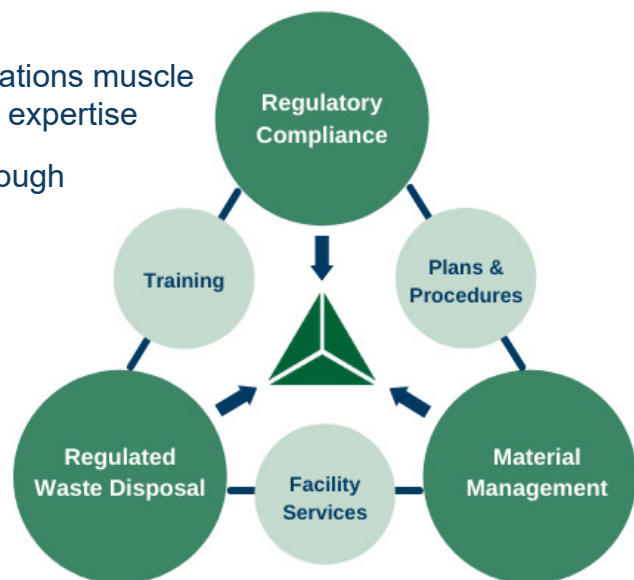

One Partner. One Contract. One Result.

**EHSOne™** is a unique program that combines professional services staffing, onsite waste management, and regulated waste disposal to address your organization's full spectrum of EHS needs. While you focus on your core business goals, we make it easy to keep safety and compliance at the forefront of your operations as we develop your site-specific EHS programs, handle regulated waste disposal, support hazardous materials management, and everything in between. With a team of skilled EHS professionals embedded at your site, our industry experts will anticipate your needs and enable you to maintain a long-term, sustainable EHS compliance program.

**We are invested in your success!**

## Why EHSOne™?

- > Access to Triumvirate's wealth of onsite operations muscle and sophisticated regulatory and compliance expertise
- > Understanding of your unique challenges through decades of industry-specific experience
- > A flexible program model that adapts to your organization's changes and growth
- > More time to focus on your organization's main priorities and goals
- > Fewer vendors, fewer contracts, more value to you

## One Set of Shared Goals

- > **One** service experience with **one** contract to simplify your EHS vendor relationships
- > **One** dedicated EHSOne™ Lead to oversee your unified team of onsite EHS professionals
- > **One** centralized knowledge repository to easily manage data and ensure transparency
- > **One** source for any specialized project needs
- > **One** comprehensive regulatory compliance calendar and training matrix tailored to your organization
